SPRING COMMENCEMENT 2005
May 6 & 7, 2005
The story of Oklahoma State University began on Christmas Eve, 1890, at the McKennon Opera House in Oklahoma’s territorial capital of Guthrie when Territorial Governor George W. Steele signed legislation establishing an Oklahoma Agricultural and Mechanical College (OAMC) in Payne County.

OAMC’s first students assembled for class on December 14, 1891, even though there were no buildings, no books, and no curriculum. The college’s first students attended classes in the Stillwater Congregational Church. The original campus consisted of 200 acres of prairie that were donated by four local homesteaders. The college’s first six graduates received their diplomas in 1896.

Visitors to the OSU campus often marvel at its beauty and consistency of architecture. Much of the credit goes to OAMC’s legendary president, Henry G. Bennett, who served from 1928-1951. Dr. Bennett’s 25-year campus master plan envisioned some of the university’s most famous and beautiful structures, including the Edmon Low Library and the OSU Student Union, the largest student union in the world.

OSU grew quite rapidly following World War II. The post-war years were marked by a huge enrollment surge. Some graduates from that era may remember “Veteran’s Village,” a thriving community that developed on the northwest edge of campus as veterans and their families moved into surplus military housing provided by the college.

The mid-1940s also were a golden era for athletics at Oklahoma A&M. In a 90-day period in early 1945, OAMC teams won the Cotton Bowl, the NCAA championship in wrestling, and the NCAA championship in basketball. The next year, the wrestling and basketball teams repeated as national champions, and the football team won the Sugar Bowl.

Coaches and players from that era are now sports legends. Coach Henry Iba set a national standard in basketball, and Edward Gallagher took OAMC wrestling teams to international prominence.

People often ask when OSU made the transition from college to university. By the 1950s the college had grown substantially. Suggested names for a “new” institution were “Great Plains University,” “International University,” and “Atomic University.” In 1957, OAMC became The Oklahoma State University for Agriculture and Applied Science.

During the next three decades, OSU would build academic programs to match its new status. Enrollment more than doubled from 10,385 in 1957 to more than 23,000 in the 1980s. OSU became a statewide university as it added branches in Okmulgee in 1946 and Oklahoma City in 1961. OSU merged with the Oklahoma College of Osteopathic Medicine in 1988, and OSU-Tulsa was born in 1999.

Today, OSU’s graduates and their families can be proud that the small college has grown beyond anybody’s wildest dreams into a statewide higher education system with more than 33,000 students who take classes at five campuses throughout the state.

From six graduates in 1896 to a record 5,000 graduates in 2004, OSU has grown and prospered far beyond the dreams of its founders. Thousands of alumni are now spread throughout the nation and the world, and the university’s teaching and research programs have gained international recognition. It’s a great time to be a Cowboy!
Oklahoma, where the wind comes sweepin' down the plain,
And the wavin' wheat can sure smell sweet
When the wind comes right behind the rain.
Oklahoma, ev'ry night my honey lamb and I
Sit alone and talk and watch a hawk makin’ lazy circles in the sky.

We know we belong to the land
And the land we belong to is grand!
And when we say — Yeeow! A-yip-i-ee ay!
We’re only sayin’ You’re doin’ fine,
Oklahoma!
Oklahoma — O.K.

ROSS MCKNIGHT

Ross McKnight, rancher, banker, and oilman, received his B.S. degree in animal science from OSU in 1971 and served as Student Association president. He recently completed a two-year term as chairman of the OSU Foundation. He is one of seven charter members of the Athletic Associates, where he is serving as its first president. He is co-chair of the Boone Pickens Stadium Campaign, and is a life member of the OSU Alumni Association. He has been honored with the Distinguished Alumni Award from OSU in 1996 and was named a Graduate of Distinction by OSU’s Department of Animal Science in 1998.

In addition to his substantial agricultural interests in ranching, farming, and feedlots, he is also president and chairman of the boards of RoMac Oil Company, Inc., an oil and gas exploration and production company with holdings in north central Texas, and RoMac Gas Company, Inc., a natural gas gathering company. McKnight is chairman of the board and CEO of two closely held bank holding companies that own independent banks in 14 north central and Panhandle communities of Texas, and is in contract to purchase banking centers that would serve five Oklahoma communities.

McKnight is a member of the board of trustees of Scott and White Hospital and Clinic in Temple, Texas, where he currently serves as chair of both the Development Committee and the Investment Committee. He is a former trustee with the Texas 4-H Foundation, where he served as chair of the foundation’s Statewide Campaign 2000. He is married to the former Billie Gaskins of Davis, and they are the parents of two children, Trent, a 2003 OSU graduate and a 2004 graduate of the London School of Economics, and Meggan, a senior at OSU.
NATIONAL SCHOLARS

The following 2005 Candidates won prestigious national and international scholarships during their OSU undergraduate studies:

Joel Halcomb, Tulsa, Oklahoma
Bachelor of Science, Mathematics and History with English minor
College of Arts and Sciences
Wentz Research Scholar, Bailey Scholar, Gilder-Lehrman Intern, British Marshall Scholarship Finalist, Gates/Cambridge Scholar

Ashleigh Hildebrand, Wichita, Kansas
Bachelor in Science in Chemical Engineering with Chemistry and Philosophy minors
College of Engineering, Architecture and Technology
Honors College Degree, Wentz Research Scholar, Goldwater Scholar, National Science Foundation Fellow, Rhodes Scholarship State Finalist, Gates/Cambridge Scholar

Ryan Scott, Stillwater, Oklahoma
Bachelor of Science, Mathematics and Physics
College of Arts and Sciences
Honors College Degree, Wentz Research Scholar, Goldwater Scholar, Rhodes Scholarship State Finalist

Joe St. John, Bixby, Oklahoma
Bachelor of Science in Business Administration, Management Information Systems and Accounting
William S. Spears School of Business
Truman Scholar, USA Today Academic All-American

COLLEGE OR SCHOOL REPRESENTATIVES

The following outstanding students were chosen to carry their college or school gonfalon in the Student Processional and to serve as representatives of the graduates of that college or school during the undergraduate commencement ceremonies. Each wears an honorary orange cap and gown.

The list of candidates and honors for the Spring/Summer 2005 semesters were prepared before final grades were reported and inclusion herein does not constitute evidence of a graduation nor the awarding of an honor of *cum laude, magna cum laude, or summa cum laude*. Final action to ensure an accurate listing of names and honors of all persons qualified for degrees could not be compiled before this program went to print. The listing of a name and honor in this program should not be construed as an indication that the person will in fact receive a degree from Oklahoma State University at this commencement. Conversely, the absence of a student's name and honor from this list does not necessarily mean the person will not be awarded a degree with the appropriate honor. Final certification of degree and academic distinction will be made by the Registrar after candidates have completed all degree requirements.
ACADEMIC REGALIA

The robes, hats and hoods worn by faculty members and graduates as they march into the commencement hall, and even the different colors you see on them, have historical origins and significance.

During the Middle Ages, scholars at the earliest English and European universities wore wool or fur garments to stay warm in the drafty, stone buildings that were poorly heated. Most of the scholars were also monks or priests, and as such had the hair shaved from the crowns of their heads in the distinctive clerical tonsure. Most wore cloaks that included a hood that could be pulled up to keep their heads warm. The academic gowns and hoods were adapted from both secular and clerical garments of the time, and the hood was chosen by the early scholars to indicate by color, trim or binding the degree held by the wearer.

The style of academic dress most frequently worn in the United States dates back to colonial times, although it was not formally adopted until near the end of the 19th Century, when it was chosen as appropriate attire by the Intercollegiate Commission during a meeting in New York. It has remained the general standard in America since, although some variations occur at individual institutions. In the United States, black is the traditional color for academic gowns, although some institutions allow holders of doctoral degrees to wear robes in the university’s colors.

The sleeves of the robes vary, depending on the degree held by the wearer. The bachelor’s robe has long, pointed sleeves. The master’s robe has sleeves that are oblong and closed at the ends, with slits through which the arms may be extended. The doctoral robe has a full sleeve with a velvet facing on the front and at the neck, and three velvet bars on each sleeve. The velvet may be black or of a color that symbolizes the degree held by the wearer.

The head covering most commonly used in the United States is the square, tasseled “mortarboard.” Some American universities, however, use berets, and in other countries a variety of styles of head coverings is worn with academic regalia. The tassel is usually black and is worn over the left front quarter of the mortarboard. Holders of doctoral degrees may wear gold tassels.

The hood is the most distinctive feature of American academic dress, which through color and design may indicate the wearer’s degree and the institution at which that degree was earned. Hoods are lined with the colors of the institution that awards the degree, and may be faced with the color designating the degree awarded. Hoods vary in length. The bachelor’s hood is about three feet long, the master’s slightly longer and the doctoral version is longer still and is decorated with broad color panels.

Candidates for advanced or professional degrees wear hoods symbolic of the degree. The color of the trim of the hood and the sleeve chevrons and panels of the academic gown are distinctive of the degree as follows:

<table>
<thead>

The colors of Oklahoma State University are embodied in the lining of the hood (orange and black chevron). The colors of the hoods of faculty and guests are those of the institution conferring the degree.

Portions of the preceding were adapted from the commencement program of the University of Arkansas at Little Rock.
